UX/UI Designer

The Gioi Di Dong (MWG) - TGDD, DMX, TopZone

2026 – Now

- Collaborated with POs, BAs, developers and stakeholders to analyze product requirements and optimize Web & Mobile.
- Translated business requirements and user insights into user flows, wireframes, interactive prototypes and high-fidelity UI, covering the end-to-end design process from discovery to developer handoff.
- Conducted behavioral analysis and UX optimization, contributing to **+15%** engagement and **-10%** bounce rate.
- Performed UI review / design QA after development, working with engineers to identify implementation gaps and ensure consistency with approved designs and guidelines.
- Built and maintained scalable Design Systems for TGDD & DMX, standardizing components, variables and reusable patterns across products.
- Applied AI-first workflows using ChatGPT, Claude and Codex for UX exploration, Design System development and Storybook prototyping, reducing stakeholder review preparation **from 3 days to 1 day**.

UI/UX Designer

Softworld VietNam Ltd

2025 - 2026

- Designed responsive UI across web, mobile and touchscreen interfaces, adapting layouts and interactions to different usage contexts.
- Collaborated with BA, QC, developers and external/remote teams to ensure implementation quality and consistency with approved UI guidelines
- Conducted UX research on personas and customer journeys — identified pain points, structured flows and edge cases.
- Created visual content for landing pages/campaigns with Marketing, Product (BA, QC), remote dev team.
- Created scalable design systems for multiple product lines, supporting consistency and reuse.
- Participated in client meetings to discuss and align on design solutions.

UI/UX Designer

LIVEN Technology (VDES, Yourweddingplanner, Unlock, Marry)

2023 - 2025

- Designed web dashboards to support consistent UI development across apps.
- Collaborated with the Marketing team to create creative, impactful content for social media, landing pages, & event campaigns.
- Delivered branding assets including internal banners, logo systems for brand chains, and executive name cards.
- Designed CRM interfaces to optimize internal operations and improve workflow efficiency for businesses.
- Participated in product development by designing UI/UX for web and mobile apps, especially in tech-related platforms.
- Applied responsive design techniques and accessibility best practices to create inclusive user experiences.
